

Market Place E-Commerce.

Goals:-

Create personal e-commerce user-friendly website.

Brand Name:- Fashion Network.

In this website I offering a wide variety of Jeans and denim jackets. for both retail and wholesales customers.

- 1- Make it user friendly.
- 2- live on market place.
- 3- Add complain Section for customers.

4-

Problems to Solve :-

- 1- Provide a trusted platform for high-quality jeans and jackets.
- 2- Useful for who run their own shops and wholesals buisness. they suffer for searching bulk and good quality with cheap price denim jackets and jeans.
- 3- We offer them to seamless bulk ordering for retailers and wholesalers.
- 4- We will create customize jeans according to their preference.

Services:-

- 1- Varied Jeans Styles.
(skinny, straight, Bootcut etc).
- 2- Denim Jackets for men and women.
- 3- We will create customised jeans according to their preference.
